

## MEMO

**TO:** Mayor and Town Council

**FROM:** Joe Fivas, Town Manager

**DATE:** May 19, 2011

**SUBJECT:** Agreement Extension Proposal from Action Garbage Service

---

Currently, the Town has a 5-year agreement with Action Garbage Service to provide solid waste services for residents of Indian Trail. The agreement expires on July 31, 2012. Action Garbage Service has proposed a modification of the current solid waste agreement, and they are also requesting a 5-year extension of the current agreement.

The Action Garbage Service proposal has been reviewed by Town staff, and we do not agree on the overall cost saving numbers presented by Action Garbage Service, but we do believe the Town could save funds with this potential modification.

Town staff is looking for direction from the Town Council on this proposal. If the Council would like to further consider this modification and extension proposal, Town staff will meet with Action Garbage Service to further discuss agreement details.
