

Stormwater Advisory Committee Meeting

October 11, 2007:

- 1. CALL TO ORDER**
- 2. APPROVAL OF MINUTES:** September 13th, 2007
- 3. Comprehensive Storm Water Management Program-** Patricia Malinowski with Woolpert passed out a draft Comprehensive Stormwater Management Program document. This document is required by the NPDES Phase II permit to address both stormwater quality and quantity. The committee and town staff will review this document and discuss at the following meeting.
- 4. Recommended Revisions to Existing Stormwater Practices-** Patricia Malinowski made a presentation to the committee in which she outlined required revisions to stormwater practices per the Phase II permit. The Town has already implemented some of the practices and programs. The Town will have to develop systems to address the remaining requirements. The presentation was broken into two sections, first was water quality services, and second was the water quantity services.
- 5. Discussion of Upcoming Committee Meetings:** November- the committee will discuss (1) organization, staffing, equipment and facilities analysis, (2) cost of services estimate, (3) finalize utility rate structure and rates.
